We do not accept electronic servicing of legal documents.

Digital Millennium Copyright Act

This policy is intended to implement the procedures set forth in 17 U.S.C. Section 512 and the Digital Millennium Copyright Act ("DMCA") for the reporting of alleged copyright infringement.

Designated Agent

Wikileaks (USA)'s Designated Agent to receive notification of alleged infringement under the DMCA is:

Julie S. Turner
Julie Turner Law
Palo Alto, California

Fax: 650-472-8028

Complaint Notice Procedures for Copyright Owners

The following elements must be included in your copyright infringement notice:

1. A written signature of the copyright owner or a person authorized to act on behalf of the owner of an exclusive right that is allegedly infringed.
2. An accurate identification of the copyrighted work claimed to have been infringed.
3. Proof of Wikileaks (USA) ongoing facilitation of the infringement and a description of the DCMA subsection applying. Be sure not confuse independent Wikileaks organizations in other jurisdictions with Wikileaks (USA).
4. Information reasonably sufficient to permit the Wikileaks (USA) to contact the complaining party, such as an address, telephone number, and, if available, an electronic mail address at which the complaining party may be contacted.
5. A statement from the complaining party that the use of the material in the manner complained of is not authorized by the copyright owner, its agent, or the law (including first amendment protections).
6. A statement, under a penalty of perjury, that the information in the notice is accurate, including that the complaining party is authorized to act on behalf of the owner of an exclusive right that is allegedly infringed.

Failure to include all of the above information may result in a delay of the processing of the DCMA notification.

All material which is, in the opinion of Wikileaks (USA), covered by 1st amendment or other protections may be counter suited by Wikileaks (USA). Wikileaks (USA) does not have the technical or legal ability to remove infringing works without the full co-operation of its sister organizations in other jurisdictions. However Wikileaks (USA) will pass on in good faith any request that meets the notification requirements set out above.
